QC Stability Chemist

Reach your career goals with Eirgen Pharma, your future could be here!

About Eirgen Pharma

Would you like to be part of a company that has the courage, innovation, and capability to improve and enhance patient lives across the globe?
Founded in 2005, Eirgen Pharma employs over 180 people in Waterford. We combine the agility of a small company with the ambition to deliver high-quality medicines globally — all within a collaborative, people-focused culture.

About this Opportunity

As QC Stability Chemist you will be part of the Stability team ensuring all raw materials, packaging, finished products and Stability samples are analysed in accordance with cGxP.
Contract type: 23 month Fixed Term Contract
Shift: Week 1: 7am – 3pm
Week 2: 3pm – 11pm

Key Responsibilities:

- To test and complete write up of QC raw material, packaging, finished product and stability samples in a timely & efficient manner.
- To support all other on-going laboratory functions & requirements.
- To prepare and review stability summary sheets where required.
- To ensure that all work carried out is in compliance with the required standards conforming to company, cGxP, SOPs, regulatory regulations and guidelines, safety and environmental guidelines.
- To identify and make recommendations for improvements as part of a team within or outside the department in order to ensure continuous improvement.
- Check own work and that of others for accuracy.
- To assist in the preparation for internal / customer/ regulatory inspections.
- Involved in internal investigations e.g. Out of Specifications, Incidents & Deviation investigations etc
- Draft, review or revise documentation within EirGen documentation management system
- Report any Deviations/Out of Specifications to Senior Chemist and complete in a timely manner

About you

- Qualified to a minimum of honours degree level in Analytical Chemistry, Pharmaceutical science or related discipline.
- 2+ years' experience working in a laboratory environment ideally in Stability area.

Why Join Eirgen Pharma?

- You will work as part of a collaborative analytical team, contributing to high-quality data delivery in a fast-paced, GMP-regulated environment
- Collaborative and quality-driven environment
- Excellent benefits, pension, health insurance, social club, canteen facilities

Apply for the above role by sending your CV to opportunities@eirgen.com including the job title in the subject.
