

Warehouse Operator (12mth Fixed Term Contract)

Would you like to be part of a company that has the courage, innovation, and capability to improve and enhance patient lives across the globe? A growing and innovative company based in Waterford, Eirgen Pharma develops and supplies specialty care medicines to patients in more than 50 countries worldwide. Our guiding principle is to improve and enhance the lives of patients, whether they be reached directly or through our contract manufacturing and development customers across the pharmaceutical industry.

Eirgen's Waterford campus consists of a state-of-the-art and globally-accredited manufacturing environment which provides tableting, capsule, soft gel manufacturing and packaging capabilities. Our R&D Team accommodates our development and analytical scientists working on the next generation of treatments for the company and its clients.

About the Job

As part of a dynamic team, in this role you will be responsible for:

- **Forklift Operation:** Safely operate forklifts to move, load, and unload materials within the warehouse.
- **Inventory Management:** Utilize SAP /Excel to manage inventory levels, track shipments, and maintain accurate records.
- **Receiving and Shipping:** Receive incoming shipments, inspect for quality and accuracy, and prepare outgoing orders for dispatch.
- **Pharmaceutical Compliance:** Adhere to pharmaceutical industry standards and regulations, ensuring all operations meet required quality and safety guidelines.
- **Order Fulfillment:** Pick, pack, and prepare orders for production staging and shipment, ensuring accuracy and timely delivery.
- **Warehouse Maintenance:** Maintain a clean and organized warehouse environment, ensuring all equipment is in good working condition.
- **Shift Work:** Participate in a Mon- Fri shift cycle
- **Team Collaboration:** Work closely with other team members and departments to ensure smooth and efficient warehouse operations.
- **Health & Safety:** Implement Safety requirements as per site documentation including SOPs, Safety Statement and COPs, reports any defects, if Unsure about safety requirements – ask.

About you

You have hands-on experience in warehouse operations, including forklift driving and ideally a background in the pharmaceutical industry. Happy to work within a shift cycle and proficient in using warehouse management systems such as SAP & Excel, you can safely operate forklifts. Ideally you will have lean/six sigma experience or a qualification related to Warehouse operations/safety.

A team player you have a strong quality mind-set, and attention to detail, along with excellent organisational skills. You will draw from your many skills such as planning, multi-tasking, time

management and you enjoy collaborating, gaining knowledge, continuous improvement and solving problems.
